SHASHI TIWARI

Bengaluru · Phone: +91 9538464352

Email: dev.shashib16@gmail.com   **GitHub**: https://github.com/unknownBalak

LinkedIn: https://www.linkedin.com/in/shashi-tiwari-350450182/ **My Blog**: https://shashib16.medium.com/

_____

SKILLS: JAVASCRIPT, NODE.JS REACT, HTML, MATERIALUI, EXPRESS, BOOTSTRAP.

PROJECTS:

MusicAppClone: This application is written in Pure HTML and CSS. I built this application for a fun project only. Here is the **link:** https://unknownbalak.github.io/musicAppClone/index.html.

Absentees List: This was my first project written in JavaScript. I built this to help my teacher. They were struggling to take attendance of students in online classes. Here is the **Link**: https://github.com/unknownBalak/absenteelist

_____

Work Experience:

Class Representative (10/01/2019 to Now):

Task:

- I am Class Representative for my class. I help my classmates if they have any doubt regarding any concept.
- I host a meeting if any guest is coming to give a presentation to the BSc department.

Frontend Developer:

Lernov, the Learning Platform

10/08/2020 to 15/10/2020

This STARTUP was in its beginning phase. So, they wanted to develop a website for their startup. I was hired as an intern there to do the same.

Task:

- I was responsible for designing and developing a web Application.
- I used REACT, JS, HTML, CSS, Material UI, Figma, Nodejs, MongoDB and Express.js to develop the web application.

_____

EDUCATION:

- **Bachelor's degree:** I am pursuing my Bachelor in Maths, Statistics & CS. This is my last year. My College life was quite amazing. My overall grade is **8.5CGPA**. And College environment are amazing.
- **12th**: I did my 10+2 from D.A.V P. G college from Bihar.
